

## Flirt & Erotic Horoscope

The horoscope for flirtation and eroticism will give you new and unimagined insights into your love life and sexual talents and inclinations. It will show you the drives and inner forces which lie dormant within you, and the sensual feelings and emotions which essentially shape and determine your sex life.

The revelations contained in the horoscope for flirtation and eroticism go far beyond you yourself and your erotic and sexual desires. You will also discover which partner is best suited for you and the conditions which will ensure a fulfilling and satisfying love life. The comprehensive knowledge and insight which may be gained from astrology in this area will tell you which erotic and physical personality determines your relationship with the other sex. This is because you will only be able to find the right partner for a happy relationship if you are aware of these correlations and this mutual influence.

If you open yourself to this centuries-old knowledge about the individual sexuality of human beings and both develop and exhibit your own innermost abilities and driving forces, the sensuality in your life will take on a new and promising importance. Marco, you will make sexual experiences which you previously only dreamed about.
